

Lost Mountain Township Community Architectural Review Committee Architectural Design Standards

Effective Date: 11-1-09

MISSION STATEMENT. The Lost Mountain Township Community Architectural Control Committee ("ACC") is dedicated to promoting an aesthetically appealing community through the conscientious development, re-evaluation and enforcement of our neighborhood's architectural standards. We will do this through the careful and timely consideration of homeowner requests and with an open communication during this process.

THIS DOCUMENT. The goal of this document is to provide further clarification as to the accepted Architectural Standards that govern the Lots and Structures within Lost Mountain Township ("Lost Mountain"). Furthermore, it seeks to give guidance to homeowners as to what modifications, changes, upgrades, improvements, additions, deletions and the like are acceptable to the exterior of house and property and the process by which they can gain approval for them. This document is not inclusive of all possible situations. As such, each request will be reviewed on its own merit and with deference to the Community-Wide Standard. This document supersedes any prior Architectural Standards documents that may or may not have been disseminated. Please note that per Section 8(c) of the Declaration this document is also known as or referred to as the Community-Wide Standards.

The Board believes that these Standards benefit all members of the Lost Mountain Township Neighborhood Association, Inc. ("Association") by helping its members govern the use of the land and the conduct of its members to preserve, protect and increase property values and their quality of life as residents. It believes enforcement of these Standards is essential to the continued success of our community. Any homeowner not possessing a copy of the Declaration should contact the Board or management company for a copy.

These Standards apply to new structures, alterations and additions on existing, previously developed Lots as described in the Covenants.

DESIGN STANDARDS

1. **AUTHORITY.** This Standards document was approved by the Board of Directors and the ACC of the Lost Mountain Township under section 8 of the Declaration.
2. **PURPOSE.** A LOST MOUNTAIN TOWNSHIP (“LM”) ACC MODIFICATION REQUEST FORM, along with any required supporting documentation, must be submitted to, and approved by, the ACC in alignment with these guidelines to assure that all structures and landscaping within Lost Mountain Township comply with the existing standards of the neighborhood.
3. **ARCHITECTURAL REVIEW AND APPROVAL PROCESS.**

A. Submission of Request for Architectural Review.

All requests are to be submitted to the management company. Standard submissions include, but are not necessarily limited to a LM ACC Modification Request Form. More detailed information as to what should be submitted for a given change can be found in the Architectural Guidelines section below.

Any change to previously submitted and/or approved plans must be resubmitted using a new LM ACC Modification Request form. If the homeowner proceeds with any construction, additions or repainting in a different color without prior written approval by the ACC, the homeowner runs the risk of having to correct any violation at their own expense, and being fined.

B. Approval of Request for Change.

Once the LM ACC Modification Request Form and all supporting documentation have been provided to the management company, the review process can commence. Incomplete forms or missing information will result in delays. In such cases, a member of the management company will contact the Homeowner for clarification. The review process does not begin until all required information, supporting materials, drawings, sketches, and documentation are provided to the ACC from the homeowner.

The ACC has 30 days to render a decision from the time ALL required AND requested information has been provided to the management company, which receives all requests for the ACC. Every effort will be made to complete this process as quickly as possible.

The ACC may have a monthly meeting to discuss any outstanding issues and to render any decisions that need additional discussion. Homeowners should plan their projects accordingly so as to allow for ample time in working through this process.

All work shall be completed within one year of commencement or such shorter period as the ACC may specify in the notice of approval, unless completion within such time is delayed due to causes beyond the reasonable control of the Owner. If work has not been completed within one-year, a new LM ACC Modification Request Form must be submitted and approval once again given before work can commence.

C. Execution of the Request.

During approved work or construction, all vehicles in any way connected with the work or construction shall enter the Lot or Lots only by the driveway as approved in the plans submitted to the ACC. All vehicles shall be parked at the Lot to avoid damage to trees, paving, curbs, gutters, and any other improvements on the Lot.

All modifications to Lots must be sensitive to the occupants of neighboring Lots and homes. Modifications should be planned and constructed such that they will have minimal impact on the views from neighboring Lots, and such that they will not change existing water runoff. As a factor in the decision to approve or deny a modification, the ACC will consider a proposed modification's impact on neighboring Lots.

5. ARCHITECTURAL GUIDELINES.

The Guidelines below are meant to provide a general reference as to what types of changes are allowed and/or not allowed in LM. It does not necessarily cover all situations or change requests. Homeowners are always welcome to submit a LM ACC Modification Request Form for changes that fall outside these Guidelines. Each request will be reviewed individually and upon its own merit.

This document does not explicitly specify any Local, City, State or Federal building code requirements that may or may not apply to certain situations. **IT IS THE HOMEOWNER’S RESPONSIBILITY TO COMPLY WITH ALL BUILDING CODE REQUIREMENTS AND SET BACKS AND TO OBTAIN THE NECESSARY BUILDING PERMITS AND VARIANCES AS NEEDED. APPROVAL BY THE ARC DOES NOT IMPLY THAT THE REQUESTED MODIFICATION IS IN COMPLIANCE WITH COBB COUNTY BUILDING OR ZONING CODES.**

NOTE: For the purpose of this document, any Lot situated on a corner, with frontage on two streets, shall be considered as having two front yards.

A. Animal Pens and Dog Houses:

No structure for the care, housing or confinement of any animal shall be constructed or placed on any Lot that is visible from the street.

B. Antennae and Satellite Dishes:

ACC approval for Satellite dishes one meter or less is not required; however, they should be installed such that views from the street are minimized. Satellite dishes must be less than one meter in diameter and installed in accordance with Federal Communication Commission (FCC) rules. To maintain the community-wide standards of the community, it is highly recommended that dishes be installed on the back of the house. No more than one dish can be installed without prior approval. It is recommended that efforts are made to conceal the view of a satellite dish as much as possible from the street.

Acceptable: Satellite Dishes <1 Meter in Diameter

Not Acceptable: More than one Satellite Dish, TV/Radio Receiving Antenna

C. Basketball Goals/Recreational Equipment:

ACC approval is required for both permanent and removable (fold-up) basketball goals as well as the permanent placement of any recreational equipment. The placement of the basketball goal and any recreational equipment needs to be at the back of the driveway or in the backyard. *NO goal may be placed in the street, at the edge of the street or in the right-of-way.*

Backboards must be maintained and conform to neighborhood standards and cannot be in bright or fluorescent colors. White, black or clear backboards are allowed. Any other backboard colors must be approved by the ACC.

Acceptable: Fold-Up Basketball Goals, Permanent Basketball Goals

Not Acceptable: Basketball Goals with Bright or Fluorescent Colored Backboards, goals close to street, in the street or in the Right-of-Way.

Submittal for architectural review should include at minimum:

- Completed LM ACC Modification Request Form
- Plot plan for property showing
 - Location of existing dwelling
 - Location of property lines and easements
 - Location of proposed basketball goal
 - Measurements between all of the above.
- Drawing, photo or product brochure of proposed basketball goal with dimensions, materials and colors indicated or supplied.

D. Clotheslines:

Outdoor clotheslines are not allowed in Lost Mountain Township.

E. Car Covers, Tarps and the like:

Car covers are not allowed unless the vehicle is located inside the enclosed garage. Tarps shall not be placed on any item stored outside for any reason.

F. Decks & Deck Stairs:

ACC approval is required for all deck installations, modifications and extensions including, but not limited to, deck coverings and awnings, and stairs. Approval must be given, in writing, prior to any clearing, grading or construction or addition of stairs or other.

Decks are typically constructed out of Pressure Treated Pine or Cedar although new composite decking material is also suitable. The color of the decking material, or in the case of wood decks, the paint or stain color must be harmonious with the existing house color as well as the color palette of the Community.

The usual and preferred deck fencing consists of a 36" high railing with cedar or treated wood vertical posts and spindles spaced no more than 4" apart. Additions or extensions of deck fencing must conform to existing designs. If none now exists, new fencing should be consistent with the homeowner's and adjacent homes

Acceptable: Pressure Treated Pine, Cedar, or Composite Material Decks (like Trex brand)

Not Acceptable: N/A

Submittal for architectural review should include at minimum:

- Completed LM ACC Modification Request Form
- Plot plan for property showing
 - Location of existing dwelling
 - Location of property lines and easements
 - Location of proposed deck or addition
 - Measurements between all of the above.
- Drawing of proposed deck showing all finished elevations (front, back and sides) with dimensions, materials and colors (finish) indicated or supplied.
- Photo(s) of current deck structure and a description of the deck expansion where applicable.

G. Driveways and Extensions or Expansions:

Driveway extensions must be approved by the ACC. The ACC recognizes that the bulk of driveways within Lost Mountain were constructed for use by two vehicles. The ACC understands that, in many cases, that type of use is no longer sufficient and therefore will review extensions or expansions to current driveways where the submittal follows the guidelines outlined below. All driveways, including extensions & expansions, are to be constructed of hard-surfaced paving matching the existing driveway (i.e. concrete w/ a minimum depth of 4".) Concrete reinforcing is recommended.

Acceptable: Concrete, Stone, Brick, Brick Paver or Stone Paver Extensions and Expansions

Not Acceptable: Asphalt, Gravel Extensions and Expansions

Submittal for architectural review should include at minimum:

- Completed LM ACC Modification Request Form
- Plot plan for property showing

- Location of existing dwelling
- Location of property lines and easements
- Location of proposed driveway extension/expansion
- Measurements between all of the above
- Description of materials to be used
- Planned use of the extension/expansion

H. Exterior Colors:

ACC approval is required for repainting the exterior of a house. Colors are limited to natural earth tones. Should a homeowner wish to make changes to his/her current color scheme, careful consideration should be given to the colors of adjacent homes. Homeowners should take notice of the colors of homes around them so as not to paint their house the same colors as the homes of any bordering property or property immediately across the street. This is in order to achieve a well-balanced and coordinated color scheme throughout the community. Homeowners may be required to paint a 4' x 4' sample area on the siding of their home and may also be required to paint a sample of the trim and front door, shutter or metal roof colors.

Acceptable: Natural Earth Tones

Not Acceptable: Pastels, Deep Jewel Tones, Fluorescent Colors, Blues

Submittal for architectural review should include at minimum:

- Completed LM ACC Modification Request Form
- Proposed paint color samples with color name, number and brand indicated or supplied.
- A 4x4 color sample must be painted on the side of the home. There may be a physical review of the color on the home prior to approval

I. Fences and Walls:

ACC approval is required for the construction or modification of any fence or wall. A distinction is made between wood deck fencing and yard fencing, and a distinction is made between yard fencing and pool enclosures. Yard fencing is defined as fencing, other than deck extensions, that extends into the rear yard area and follows all county codes and setbacks.

Submittal for architectural review should include at minimum:

- Completed LM ACC Modification Request Form
- Plot plan for property showing
 - Location of existing dwelling
 - Location of property lines and easements
 - Location of proposed fence
 - Measurements between all of the above
- Drawing, photo or product brochure of proposed fence with exact dimensions, materials and colors indicated or supplied.
- Proposed paint or stain color samples with color name, number and brand indicated or supplied.
- Proposed plantings, type and location, for visual screening as needed.
-

PENALTIES FOR NONCOMPLIANCE. If the homeowner proceeds with any new construction, alterations, additions or repainting using a different color without prior written approval by the ACC, the homeowner runs the risk of having to correct any violation at their own expense and incurring a **\$250 fine**. If violations are not rectified in a timely manner, the Board may hire an outside company/contractor to remedy the situation and liens may be placed on the property, as appropriate, to recover the expenses.

Using guidance provided by the ACC, the Board shall render the final decision as to the merit of any Homeowner requested change. The enforcement of these Community Wide Standards is described in section 8 of the Declaration. Furthermore, per section 17 of the Declaration the Association may also impose sanctions for violations of the Governing Documents in accordance with procedures set forth in the Declaration, including the imposition of monetary fines in the amount of \$25.00 per day.

J. Sheds

ACC approval is required for all sheds. The ACC will review shed submittals where allowed by the Covenants (one per residence). Any shed should be constructed of like materials and colors to the dwelling. This includes, but is not necessarily limited to, roof and siding materials. Maximum height should be one story or 12 feet (including roof).

Placement should be at the rear of, and as near as possible to, the dwelling and out of view of frontage road(s). Sheds are not to be placed within 10 feet of neighboring property lines. Screening with evergreen plantings is desired to minimize neighboring views.

Acceptable: Sheds Constructed in the Style of the House

Not Acceptable: Pre-Engineered Plastic Sheds, Aluminum Sheds, Steel Sheds

Submittal for architectural review should include at minimum:

- Completed LM ACC Modification Request Form
- Plot plan for property showing
 - Location of existing dwelling
 - Location of property lines and easements
 - Location of proposed shed
 - Measurements between all of the above.
- Drawing, photo or product brochure of proposed shed showing all elevations (front, back and sides) with dimensions, materials and colors indicated or supplied.
- Proposed plantings, type and location, for visual screening as needed.

K. Flags and Flagpoles:

ACC approval for the installation of small, house-mounted flagpoles is not required. The United States Flag, the Official Georgia State Flag, as well as seasonal and decorative flags, may be displayed by the placement of a small bracket attached to the home. Flags must not be offensive in nature or violate accepted Community standards. Flags may not be mounted to or cover up any window of a house. Flags may not be allowed to become torn, tattered, or faded. Further, the United States Flag must be displayed in accordance with the provisions of the Federal Flag Act.

If flag is to be illuminated for nighttime viewing, lighting should be directed away from adjacent properties and traffic.

Permanent, in-ground flagpoles are not allowed in Lost Mountain Township.

Acceptable: House-Mounted Flagpoles

Not Acceptable: Offensive Flags, In-ground Flagpoles

L. Garage Doors:

Garage doors shall be coordinated with all other garage doors on the Structure. Furthermore, garage doors must be painted to match other trim on the house and must be an approved color.

Acceptable: Steel Garage Doors, Aluminum Garage Doors, Wood Garage Doors

Not Acceptable: N/A

Submittal for architectural review should include at minimum:

- Completed LM ACC Modification Request Form
- Drawing, photo or product brochure of proposed garage door(s) with dimensions and materials indicated or supplied.
- Proposed paint color samples with color name, number and brand indicated or supplied.

M. Landscaping:

ACC approval is required for any major change to the existing landscaping of any Lot. A graphic and written plan of landscaping must be submitted to the ACC prior to any major renovation. This plan should include a drawing to show location, variety and size of all plant materials and "hardscape" items such as fences, walls, etc. Approved plans must be fulfilled no later than twelve (12) months after the approval date.

- ACC approval is required for the removal of any tree having a diameter of 6" or more measured from a point 3 feet above ground level.
- Permanent Landscaping: Trees and plant materials must be able to survive and remain alive year round. Permanent shrubbery must be planted across the entire front of the dwelling. Temporary or seasonal plants are not acceptable as permanent landscaping materials other than in seasonal beds. (Plants which die down in cold weather, such as hydrangea, hosta, elephant ears, etc. may be used as ornamentals, but are not acceptable as permanent landscaping around the perimeter of the house.)
- Seasonal Beds: Temporary succulent –type plants, flowers, and other plants that have a shorter growing season may be used in beds. Once a plant has lost its flowers or has died, it must be removed and replaced.
- Vegetable gardens should be small and screened so as not to be visible from the street.
- Ground cover may be pine straw, bark mulches, nuggets, and lava rock. Any other groundcover needs to be approved by the ACC. Ground cover needs to be applied as needed in order to hide the red clay and dirt.
- All permanent landscape edging such as Bella-curb, stone, bricks etc. requires ARC approval.
- Exposed earth or red clay is not permissible.
- All lawns need to be free and clear of all weeds at all times of the year – this requires some type of weed and feed application applied 4-6 times per year – Pre-emergent application should be applied late fall and late winter (by November and February of each year) and other applications as needed to keep the lawn weed-free and grass healthy.
- All flowers beds, shrubs and pine islands need to be free and clear of weeds at all times of the year
- All annuals and perennials need to be dead headed as needed throughout the growing season
- All shrubs need to be trimmed as needed throughout the year
- All lawns must be mowed regularly and be uniform in height (may need to mow once a week during growing season). This includes front, side and back lawns. Additionally, lawns must be edged regularly with an edger that makes a clean straight line. Creeping of grass should not be apparent along the driveway, sidewalks and curbs. Grass clippings must be removed after each mowing and should be bagged and removed from the property. It is illegal to blow grass clippings down drains or into the street.
- Leaves must be removed from your lawn and garden areas as needed – must be raked or blown and bagged and not blown into the street or neighboring properties - Leaves cannot be

blown in the street or down the sewer drain. Leaves that accumulate adjacent to the curb in front of your lot will be your responsibility to bag.

- Treat weeds growing in street adjacent to curb in front of your Lot

Acceptable: Trees and Plants Common to the Atlanta Area, Bermuda & Fescue Grass

Not Acceptable: Palm Trees, Bamboo, Gravel Yard Covering, White Rocks

Submittal for architectural review should include at minimum:

- Completed LM ACC Modification Request Form
- Plot plan for property showing
 - Location of existing dwelling
 - Location of property lines and easements
 - Measurements between all of the above
- Drawing of proposed landscaping plan (may be indicated on above plot plan)
- Proposed type, size and location of new plantings, land cover, and features as well as any landscaping to be removed
- Photos or pictures of plant/tree species involved

N. Lighting (Exterior):

ACC approval is required for any exterior lighting, which replaces, or is in addition to, the existing lighting on the house or Lot. Approval will be based on the condition that any added lighting will be reflected away from adjacent residences and away from the vision of passing motorists.

Acceptable: N/A

Not Acceptable: N/A

Submittal for architectural review should include at minimum:

- Completed LM ACC Modification Request Form
- Plot plan for property showing
 - Location of existing dwelling
 - Location of property lines and easements
 - Location of proposed lighting
 - Measurements between all of the above
- Drawing, photo or product brochure of proposed lighting fixture(s) with dimensions, materials, lighting type, wattage and colors indicated or supplied

O. Mail Boxes:

All changes to mailboxes, mailbox enclosures and mailbox posts must be approved by the ACC. All mailbox parts, including the numbers, flag and enclosure must be mildew free, attached and in good repair. If there are any streaks, peeling, fading or rust the mailbox should be repainted.

P. Nuisance:

Any activity which emits foul or obnoxious odors outside the Unit or creates noise or other conditions which tend to disturb the peace or threaten the safety of the occupants of other units is prohibited--This includes but is not limited to excessive dog barking or not picking up after your pet.

Q. Parking:

All vehicles owned or used by Owners or occupants, excluding those of temporary guests or visitors, may only be parked in designated areas. Designated areas are defined as the garage, and then to the extent necessary, the driveway. The term “vehicles,” as used in this paragraph shall refer to vehicles that are used as an Owner’s or Occupant’s primary means of transportation on a regular basis, and shall include cars, vans (unless they are full-sized vans and not used as the primary means of transportation), sport utility vehicles, motorcycles and light trucks, commercial vehicles (including those that have commercial writings on their exteriors or evidence of commercial use such as tool boxes or tool or ladder racks), buses, house trailers, mobile homes, motor homes, recreational vehicles, campers, trucks with camper tops, boats, boat trailers, tool trailers, trucks with a load capacity of one ton or more, or like equipment.

The following are not allowed to be parked in Lost Mountain Township except in garages, or for brief periods of time as is reasonably necessary for the purpose of loading, unloading, or to prepare such vehicle for imminent use: commercial vehicles (including those that have commercial writings on their exteriors or evidence of commercial use, including but not limited to tool boxes or tool or ladder racks), buses, house trailers, mobile homes, motor homes, recreational vehicles, campers, trucks with camper tops, boats, boat trailers, full-sized vans not used as the primary means of transportation, tool trailers, trucks with a load capacity of one ton or more, or like equipment. All the above vehicles and equipment may be stored in a garage. Garage doors shall be kept closed at all times, except during times of ingress and egress from the garage, and during necessary use, such as the performance of yard work. Garages shall not be used for storage to the extent of blocking any parking spaces in the garage.

All motor vehicles of any kind located on a Lot shall be in working condition, it being intended hereby that the parking or storage of permanently disabled vehicles on any Lot is prohibited. Inoperable vehicles being repaired or restored shall be done so within the garage, or for emergency repairs outside the garage, and then only to the extent necessary to enable the movement thereof to a proper repair facility.

R. Play Equipment

ACC approval is required for the addition of all play equipment. Play equipment, including but not limited to swing sets, play sets, trampolines, play houses, must be located at the rear of the property behind the house. Equipment should be placed in such a location as to minimize views from streets, neighboring properties and common areas as much as possible. Play equipment is not to be placed within 10 feet of neighboring property line.

Play sets and swing sets should be constructed primarily of wood and have a natural appearance. Metal play sets are not permitted.

Acceptable: N/A

Not Acceptable: Metal Swing sets

Submittal for architectural review should include at minimum:

- Completed LM ACC Modification Request Form
- Plot plan for property showing
 - Location of existing dwelling
 - Location of property lines
 - Location of proposed equipment
- Drawing, photo or product brochure of proposed unit with dimensions, materials and colors indicated or supplied.

S. Pools, Hot Tubs and Spas:

ACC approval is required for all pools, spas, hot tubs, surrounding decks, fencing and screening. Approval must be given, in writing, prior to any clearing, grading or construction. No above ground pools will be approved. Safety fencing for pool enclosures must meet County code requirements.

Acceptable: In-Ground Pools, Hot Tubs, Spas, baby pools

Not Acceptable: Above Ground Pools

Submittal for architectural review should include at minimum:

- Completed LM ACC Modification Request Form
- Plot plan for property showing
 - Location of existing dwelling
 - Location of property lines and easements
 - Location of proposed pool, hot tub or spa location
 - Measurements between all of the above.
- Drawing, photo or product brochure of proposed pool, hot tub or spa with dimensions, materials and colors indicated or supplied.
- Proposed plantings, type and location, for visual screening as needed.

T. Roofs and Roofing Material:

ARC approval is required for replacement, change to, or adding any roof or roof covering. Roofing is limited to asphalt shingles in the same color as is prevalent throughout Lost Mountain Township. Roof pitches of less than 8/12 are unacceptable unless otherwise approved. No plumbing or heating vents, exhaust fans or sky lights shall penetrate roof surfaces that face any street. All roof stacks and flashing must be painted to blend with roof colors.

Acceptable: Architectural Asphalt Shingles

Not Acceptable: Types: Wooden Cedar Shake Shingles, Gravel Roofs, Barrel Tile.

Submittal for architectural review should include at minimum:

- Completed LM ACC Modification Request Form
- Photo, sample or product brochure of roof covering or feature with dimensions, materials and colors indicated or supplied as appropriate. There will be a physical review of the roofing materials and color prior to approval

U. Siding and Exterior Finishes

ACC approval is required for any new or replacement siding or exterior materials. However, no approval is required to rebuild in accordance with originally approved plans and specifications. Acceptable materials for the exterior include Brick, Stucco (hard coat) and stone. Hardiplank or other fiber-cement board products may be used. Decorative stone of Tennessee fieldstone or stack stone with natural colored mortar joints are acceptable. No black mortar or weeping mortar is acceptable. Foundation walls must be poured concrete and will be required to be covered with brick, stucco or natural stone. Paint colors, and the colors of materials such as brick and stone, must be in keeping with the natural, earth tones existing in the Community.

Acceptable: Brick, Stucco, Stone, Hardiplank

Not Acceptable: Vinyl Siding, Masonite, Aluminum Siding

Submittal for architectural review should include at minimum:

- Completed LM ACC Modification Request Form
- Drawing of proposed changes showing all elevations (front, back and sides) with materials.
- Photo, sample or product brochure of siding with materials and colors indicated or supplied.

- Proposed paint color samples with color name, number and brand indicated or supplied where appropriate.

V. Square footage requirements - Minimum square footage for single story homes, excluding the basement, is 2900 sq.ft. of heated living space. Minimum square footage for 2 story homes is 3100 sq.ft., excluding the basement area, of heated living space.

W. Garages/Driveways/Decks

All dwellings must have a minimum of a two-car enclosed garage. Side-entry garages are strongly encouraged. Drive-under garages are only permitted on side-entry homes. All garages must have interior walls finished and no studs are to be exposed.

All driveways must be free and clear from all debris including, but not limited to, trash, wood piles, empty pots, gardening tools, landscape equipment & supplies, bikes, toys, building debris, appliances, grills, lawn chairs, coolers, sports equipment.

Underneath all decks viewable from the road need to be clear of all debris including, but not limited to, trash, pots, gardening tools, landscape equipment & supplies, bikes, toys, building debris, appliances, lawn chairs, coolers, sports equipment

X. Signs:

In order to maintain a neat, uncluttered appearance in the neighborhood, the use of certain types of signs is regulated. The following types of signs are considered pre-approved with these conditions:

Political Signs: No more than one sign per candidate per lot is permitted. Signs may be placed no more than 14 days before an election and must be taken down within 7 days after the election.

Home for Sale Signs: Professional signs are allowed to assist owners in selling their homes and must be of the typical size and design most commonly associated with this sign type. One is allowed in the front yard of the homeowner's private property. Private Real Estate signs are prohibited in the front entrances.

Contractor Signs: Contractor signs are allowed only while work is being done and only for a period no longer than 30 days. Signs must be removed no later than 24 hours after work completion. All other signs advertising goods or services that are not specifically described above, are not allowed.

Location of Signs: The signs that are permitted above are intended to be placed on the private property of the homeowner. No sign may be placed on Lost Mountain Township common property or the entrance to Lost Mountain Township.

The Board shall have the right to erect reasonable and appropriate signs on any portion of Lost Mountain Township common areas to promote community-wide events.

Y. Window Mounted Air Conditioning Units

Window-mounted air conditioning equipment and fan units, including evaporative coolers and the like, are prohibited in Lost Mountain Township.

Z. Seasonal Decorations/Yard ornaments/Statuaries/Benches etc.

All outside holiday decorations must be removed no later than 15 days after the holiday. All yard ornaments/Statuaries/Benches/Pots etc. that are visible from the street must be approved by the ACC.

APPENDIX "A"

Screening Guidelines

- 1) **REASON FOR SCREENING:** Screening may be used within Lost Mountain Township to define private spaces or to attract or divert attention to or from particular views.
- 2) **OBJECTS TO BE SCREENED:**
Screening shall be used in connection with the following:
 - A) Free standing utility apparatuses, such as transformers, and switching equipment
 - B) Exterior, ground-level machinery, such as air conditioning and heating equipment
 - C) Refuse containers and related storage areas.
- 3) **METHODS OF SCREENING:**
Subject to the approval of the ACC the following methods of screening may be used:
 - A) **Earth Banks and Berms.** Such earth banks and berms shall:
 - i) have a maximum slope of 2:1 and
 - ii) must be covered with acceptable grass or vegetation.
 - B) **Planting Screens and Hedges.** Species and layout design to be approved by the ARC.
 - C) **Fences and Walls.** Such fences and walls shall:
 - i) complement the design, texture and color of all structures on the same Lot;
 - ii) shall be a maximum of 8 feet above grade in height;
 - iii) shall include planting as an integral component;
 - iv) and shall not attract attention as distinct architectural elements

APPENDIX "B"

LOST MOUNTAIN TOWNSHIP ACC MODIFICATION REQUEST FORM

The Lost Mountain Township ACC Modification Request Form is available by contacting the management company.
